- Solution
- M-Commerce
- Co=Branding
- Viral Marketing
- Disintermediation

# Travis can communicate

- Bio-medical Engineering
- New vest with computer chip
- Designed by students

# *The Seat of the Soul*

The club that kills can drive a stake into the ground to build a shelter.

The spear that takes a life can be used as a lever to ease life's burdens.

The knife that cuts flesh can be used to cut cloth.

The hand that builds bombs can be used to build schools.

The mind that coordinates the activities of violence can coordinate activities of cooperation.

# Seize the Day

# Seize Tomorrow

# Bounty

- ...ashamed to tell you of our idiot law and said he had tried for sixteen years to have the law repealed. He likened the law to the scalp for foxes under which every fox scalp was awarded a \$2.50 bounty and people took to raising foxes. (Estabrook, 1928)

# Bill Clinton, 1992

- We have long recognized that people with disabilities are some of our nation's greatest untapped resources. We believe that all persons with disabilities must be fully integrated into mainstream society, so they live fulfilling and rewarding lives.

# Innovation is as American as Apple Pie

- New products every 30 minutes
- Global Village
